Management Responsibility Statement

The management of The Yukon Foundation is responsible for preparing the financial statements, the notes to the financial statements and other financial information contained in this annual report.

Management prepares the financial statements in accordance with Canadian accounting standards for not-for-profit organizations. The financial statements are considered by management to present fairly the management's financial position and results of operations.

The organization, in fulfilling its responsibilities, has developed and maintains a system of internal accounting controls designed to provide reasonable assurance that management assets are safeguarded from loss or unauthorized use, and that the records are reliable for preparing the financial statements.

The financial statements have been reported on by Crowe MacKay LLP, Chartered Professional Accountants, the members' auditors. Their report outlines the scope of their examination and their opinion on the financial statements.

A handwritten signature in black ink, appearing to be 'Lent H. B.', with a long horizontal line extending to the right.

Executive Director
December 11, 2023

Independent Auditors' Report

To the directors of The Yukon Foundation

Opinion

We have audited the financial statements of The Yukon Foundation, which comprise the statement of financial position as at September 30, 2023, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the organization as at September 30, 2023, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the organization's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Independent Auditors' Report (continued)

- ♦ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ♦ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control.
- ♦ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ♦ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the organization to cease to continue as a going concern.
- ♦ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The Yukon Foundation

Notes to the Financial Statements

September 30, 2023

1. Nature of operations

The Yukon Foundation (the "Foundation"), was incorporated under the Societies Ordinance of the Yukon and continued under the Yukon Foundation Act on May 3, 1995. The objectives of the Foundation are to promote educational advancement and scientific or medical research for the enhancement of human knowledge in the Yukon; to promote the cultural heritage of the Yukon; and to provide support intended to contribute to the mental, cultural and physical well being of the residents of the Yukon. The Foundation is registered with the Charities Division, Canada Revenue Agency, and is classified as a public foundation. As such, it is exempt from income taxes and can issue charitable donation receipts.

2. Significant accounting policies

These financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations. The significant accounting policies are detailed as follows:

(a) Cash and short term investments

Cash and short term investments consist of cash on deposit, cheques issued and outstanding, and investments available to be liquidated and used for short term purposes.

(b) Revenue recognition

The Foundation follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributed principal fund contributions are recognized as direct increases in net assets.

Investment income is recognized when received or receivable if the amount can be reasonably estimated and collection is reasonably assured.

(c) Bequests and grants

Bequests are recorded when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Grants are recorded when approved by the Foundation.

(d) Restricted investments

Investments are recorded at fair value based upon bid prices for publicly traded securities and quoted prices for fixed rate investments. Realized investment gains (losses) are recorded on a settlement date basis. Any unrealized gains or losses are reflected as changes or unrealized gains (losses) on investments in the statement of operations. The purchase premium or discount, if any, is charged to revenue and expenses over the life of the investment. Interest earned on investments is recorded on the accrual basis.

(e) Premiums and discounts on bonds

Premiums and discounts on bonds purchased by the Foundation are amortized on a straight-line basis over the remaining months until the maturity of the investment.

The Yukon Foundation

Notes to the Financial Statements

September 30, 2023

2. Significant accounting policies (continued)

(f) Contributed services

Volunteers contribute significant time to assist in the Foundation in carrying out its objectives. Because of the difficulty of determining the fair value of this time, contributed services are not recognized in these financial statements.

(g) Property and equipment

Property and equipment are recorded at cost. The Foundation provides for amortization using the declining balance and straight-line methods at rates designed to amortize the cost of the assets over their estimated useful lives, as set out below.

Computer equipment	2 years Straight-line
Computer software	2 years Straight-line

(h) Financial instruments

Initial measurement

Financial assets originated or acquired or financial liabilities issued or assumed in an arm's length transaction are initially measured at their fair value. In the case of a financial asset or financial liability not subsequently measured at its fair value, the initial fair value is adjusted for financing fees and transaction costs that are directly attributable to its origination, acquisition, issuance or assumption. Such fees and costs in respect of financial assets and liabilities subsequently measured at fair value are expensed.

Financial assets or liabilities originated or exchanged in related party transactions except for those that involve parties whose sole relationship with the Foundation is in the capacity of management, are initially measured at cost. The cost of a financial instrument in a related party transaction depends on whether the instrument has repayment terms. If the instrument does, the cost is determined using the instruments undiscounted cash flows, excluding interest and dividend payments, less any impairment losses previously recognized by the transferor. Otherwise cost is determined using the consideration transferred or received by the Foundation in the transaction.

Transactions, with parties whose sole relationship with the Foundation is in the capacity of management, are accounted for as arm's length transactions.

Subsequent measurement

The Foundation subsequently measures all its financial assets and financial liabilities at amortized cost, except for investments in debt instruments, equity instruments and forward exchange contracts that are quoted in an active market, which are measured at fair value without any adjustment for transaction costs. Changes in fair value are recognized in net income in the period in which they occur.

Financial assets measured at amortized cost include cash and short term investments and accounts receivable.

Financial liabilities measured at amortized cost include accounts payable.

The Yukon Foundation

Notes to the Financial Statements

September 30, 2023

2. Significant accounting policies (continued)

Transaction costs

Transaction costs attributable to financial instruments subsequently measured at fair value and to those originated or exchanged in a related party transaction are recognized in income in the period incurred. Transaction cost for financial instruments originated or exchanged in an arm's length transaction that are subsequently measured at amortized cost are recognized in the original cost of the instrument and recognized in income over the life of the instrument using the straight-line method.

Impairment

At the end of each reporting period, management assesses whether there are any indications that financial assets measured at cost or amortized cost may be impaired. If there is an indication of impairment, management determines whether a significant adverse change has occurred in the expected timing or the amount of future cash flows from the asset, in which case the asset's carrying amount is reduced to the highest expected value that is recoverable by either holding the asset, selling the asset or by exercising the right to any collateral. The carrying amount of the asset is reduced directly or through the use of an allowance account and the amount of the reduction is recognized as an impairment loss in operations. Previously recognized impairment losses may be reversed to the extent of any improvement. The amount of the reversal, to a maximum of the related accumulated impairment charges recorded in respect of the particular asset, is recognized in operations.

(i) Use of estimates

The preparation of the financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the period in which they become known.

3. Accounts receivable

	2023	2022 (restated - note 7)
Contributions receivable	\$ 6,400	\$ 64,866
GST receivable	2,366	1,867
Returned grants receivable	-	5,000
	\$ 8,766	\$ 71,733

The Yukon Foundation

Notes to the Financial Statements

September 30, 2023

4. Restricted investments

The restricted investments comprises those assets over which the Foundation exercises discretionary investment control within the guidelines established by the Board of Directors. Once the funds are allocated, the income on the dedicated funds is restricted to the purpose of the fund.

As at September 30, 2023, market values reflect increases or decreases from cost due to current interest rates differing from contractual rates and unrealized gains or losses on certain investments. The total unrealized gain recognized in these financial statements at September 30, 2023 was \$415,082 (2022 - \$807,458). This decrease in the unrealized gain included on the statement of operations is \$392,376 (2022 - decrease of \$1,060,515).

It is not the intention of the Foundation to actively engage in the purchase and sale of securities on a short-term basis, but primarily to meet liquidity needs if and when they may arise. The investment policy specifies maximum levels of direct equity market exposure, in addition to fixed and variable rate investments. The policy addresses issues of diversification, asset allocation, investment concentration and minimum credit ratings. Investment decisions are made in close consultation with an experienced professional portfolio advisor.

	2023 Cost	2023 Market	2022 Cost - (restated - note 7)
Common shares	\$ 1,062,230	\$ 1,669,749	\$ 788,117
Trust units	-	-	4,954
Mutual funds and cash	661,084	791,984	603,595
Preferred shares	4,582,200	4,258,890	4,083,868
Fixed income	2,435,957	2,435,929	2,257,958
	8,741,471	9,156,552	7,738,492
Cash and short term investments	(929,766)	(929,766)	(527,432)
	\$ 7,811,705	\$ 8,226,786	\$ 7,211,060

5. Property and equipment

	2023			2022
	Cost	Accumulated amortization	Net book value	Net book value
Computer equipment	\$ 1,488	\$ 744	\$ 744	\$ -
Computer software	9,537	9,537	-	-
	\$ 11,025	\$ 10,281	\$ 744	\$ -

The Yukon Foundation

Notes to the Financial Statements

September 30, 2023

6. Unrestricted net assets

During the 2022 fiscal year, the Executive Committee allocated excess income from contribution and grant revenue separately from distributable income so it can be maintained and utilized for administrative purposes and projects at some future time.

7. Prior period adjustment

The comparative figures have been retroactively restated to reflect that the restricted investments and unrealized gain on investments were overstated by including the interest receivable from GIC investments as both accrued interest income within investment revenue and as part of the unrealized gain on investments. As a result, the restricted investments and contributed principal as at September 30, 2021 has been decreased by \$126,527. The contributed principal, unrealized gain on investments, and restricted investments as at September 30, 2022 have been decreased by \$7,677. Due to the decrease in contributed principal of \$134,204, the restricted investments have been reduced by this amount, while cash has increased.

8. Life insurance

Four donors pay monthly premiums for life insurance policies where the Yukon Foundation is the beneficiary. Total benefits payable to the Foundation upon death of a donor, based on the current policies, would be \$88,661; \$25,000; \$18,445; and \$15,000 respectively. The donors are issued charitable donation receipts in the amount of the premium they pay for their policy in the given year. The total cost to the donors of \$4,245 is not recorded in the accompanying financial statements.

In addition, there are two life insurance policies on which premiums are being paid from the surrender value of the policy and for which no donation receipts have been issued. These have a total benefit payable to the Foundation of \$74,283.

The Yukon Foundation

Notes to the Financial Statements

September 30, 2023

9. Financial instruments

Transacting in and holding of financial instruments exposes the company to certain financial risks and uncertainties. These risks include:

(a) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Foundation's exposure to credit risk relates to accounts receivable and arises from the possibility that a debtor does not fulfil its obligations. Management believes this risk is minimal as the majority of receivables are from large financial institutions. The Foundation performs continuous evaluation of its financial assets and records impairment in accordance with the stated policy.

(b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The Foundation is not exposed to currency risk. The Foundation is exposed to market risk as follows:

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Foundation's interest-bearing financial instruments include fixed rate investments. The fair values of fixed rate financial instruments fluctuate as market rates of interest change. The Foundation does not employ derivative financial instruments to hedge its exposure to interest rate risk but management does not anticipate significant effect on future cash flows or fair values due to relative stability in market rates of interest.

(ii) Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices, other than those arising from interest rate risk or foreign currency risk, whether those changes are caused by factors specific to the individual financial instrument or issuer, or factors affecting all similar financial instruments or issuers. The Foundation's publicly traded investments expose the Foundation to price risks as these instruments are subject to price changes in an open market for a variety of reasons including, investor sentiment and expectations, changes in market rates of interest, general economic indicators and restrictions of credit markets. The Foundation does not employ derivative financial instruments to hedge its exposure to other price risk.
