

DR. ANNE WILLIAMS

STORY: Dr. Anne Cortland Williams was born in Whitehorse and was raised understanding faith and sacrifice to a greater cause. She understood frugality and charity and lived her life accordingly.

Anne received her medical license in 1986 and dedicated her career to the Yukon, providing medical care from “cradle to grave.” She participated in many community committees, including the Association of School Health, Yukon Medical Council, Hospice Yukon, and Sexual Assault Response Committee.

Dr. Anne Williams practiced medicine with professionalism, integrity, ethics, and compassion, and it is hoped recipients of this funding will carry that on in her name.
